

# The Best Dress Ever

## Home Learning Challenges

If there were 3 aliens on the planet Doop and 3 more aliens joined them, how many aliens would there be altogether? You might want to draw a picture of the aliens to help you to count them.

In the story 'The Best Dress Ever', Zid makes a fantastic dress. Can you design a hat for one of the other aliens? What pictures, patterns and colours do you think the alien would like? Draw a picture of the alien's fantastic new hat.

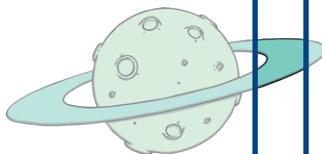

Can you make Zid, Yoff and Mab a new alien friend? You could use playdough, junk-modelling materials or card and paper. You could take a photograph of the alien or bring it in to school to show to your friends and teachers.

Yoff and Mab help Zid to come up with new ideas to make the best dress ever. Can you think of a time when one of your friends helped you to do something?

Can you think of something that you had to practise lots of times before you got better at it? Draw a picture of what it was and ask a grown-up to help you write a sentence about it.

In the story, Zid sets herself a challenge to make the best dress ever. You could set yourself a challenge today! Can you write down something that you would like to get better at? Sound out the words carefully and try to write all of the letter sounds you can hear.
