Year 1 and 2 – Home Learning

Weekly Overview – week beginning Monday 20th April

Reading	Literacy	Phonics (Year 1)
Please make sure you are reading as regularly as possible. These websites give you access to colour banded books: Oxford Owl - https://home.oxfordowl.co.uk/ You will be able to access some books on your child's current reading level. Please feel free to make use of books on other levels too. Re-reading books can boost your child's confidence and there are some interesting online and printable activities that go alongside some of the e-books provided. Collins - https://collins.co.uk/pages/big-cat-ebooks This is an excellent resource with free access to over 330 e-books from their primary reading programme, along with free printable worksheets and online activities to practise comprehension skills. Username: parents@harpercollins.co.uk Password: Parents20!	Choose a story that you really like and create your own story map for it. Then tell the story to someone else using your map.	The activities set for phonics are to consolidate previous learning. Register with this website: https://www.phonicsplay.co.uk/ It is free at the moment. PhonicsPlay has lots of fabulous resources for your children to access. In particular this week access these activities: Phase 3 - Flash cards (do these as often as you can) - Tricky words - Make a Match

Grammar (Year 2)	Maths (Year 1)	Maths (Year 2)
Use the BBC bitesize website - follow this link: https://www.bbc.co.uk/bitesize/topics/zpbbkqt/articles/zbv72sg Watch all of the videos and complete as many of the tasks as you can.	Use this link to access videos on capacity: https://whiterosemaths.com/homelearning/year-1/ There are 2 videos for capacity in the Year 1 Week 1 area of the White Rose website. There are worksheets you can complete alongside these videos if you have the facility to print at home. If you do not, choose which activity you would like to complete from the suggestions below: 1) Find 5 objects which can be filled with water - find out how much water they hold using a cup. Order the objects from the smallest capacity to the largest capacity. 2) Choose some larger objects which can be filled with water. Estimate how many cups it will take to fill them. Fill the objects with cups of water and find out how close your estimates were.	Use this link: https://www.youtube.com/playlist?list=PLQqF8sn28L9yTV9WxpHw-9BbqRe_f49fr There are 5 videos on counting in 2s, 5s and 10s. Watch the videos and then complete the practical activity it suggests at the end of each video. Sometimes you might need to make something simple or collect some objects from around your house for the next lesson so make sure you watch the videos to the end. Either take a picture of 1 of the practical activities you have completed and upload it (you can send me more than one picture if you wish) or write me a message telling me about your counting.
PE	History	Computing
Have you been using Joe Wicks workouts at home? You can find them here: https://www.youtube.com/user/thebodycoach1	Our History topic for this term is Queen Elizabeth II and Queen Victoria. This week we are going to learn some	Log on to Purple Mash and go to the 2Do section. You have 4 tasks waiting for you to complete.

Try to do at least one of his workouts this week.	information about Queen Elizabeth II. Watch this video: https://www.bbc.co.uk/newsround/44370212 It gives lots of facts about Queen Elizabeth II. You can either: 1) On a piece of paper, draw a picture of Queen Elizabeth II and write some facts about her around the picture. Then take a picture and send it to me. OR 2) In a word document, insert a picture of Queen Elizabeth II and then type some facts around her. Upload it to Google Classroom for me to see.	Two of them are coding tasks and two of them are games. I will be able to see when you've completed them. If you do not have your login (it was in your pack), please email me and I will send it out to you.
