

Preparing your child for a new school

**Is your child Anxious?
Do they struggle with transitions?**

Our Family support can help with this.

We can put in place extra visits, social stories including visuals & photos of the new setting and staff.

How we can help you & your family

**Are things getting on top of you?
Could you use a bit of extra support?**

Our Family support can help with this.

We can apply for EHA (Early Help Assessment) This can help provide extra help and support for the child/young person and the family.

We can look into whether you would qualify for Pupil Premium support. This is funding that can be used to help the child/young person to access activities & support in and out of school.

Ensuring your child's safety in and out of school

Concerns about the safety and well-being of a child?

Our safeguarding Team can help.
